

WEB SAFETY AGREEMENT BETWEEN PARENTS AND CHILDREN

Parents should always be proactive in monitoring the online activities of their children. Here are some important tips for children and parents to agree on before children actively participate in online activities.

- I will not give out personal information such as my address, telephone number, parents' work address/telephone number, or the name and location of my school without my parents' permission.
- I will tell my parents right away if I come across any information that makes me feel uncomfortable.
- I will never agree to get together with someone I "meet" on-line without first checking with my parents. If my parents agree to the meeting, I will be sure that it is in a public place and bring my mother or father along.
- I will never send a person my picture or anything else without first checking with my parents.
- I will not respond to any messages that are mean or in any way make me feel uncomfortable. It is not my fault if I get a message like that. If I do, I will tell my parents right away so that they can contact the on-line service.
- I will talk with my parents so that we can set up rules for going on-line. We will decide upon the time of day that I can be on-line, the length of time I can be on-line and appropriate areas for me to visit. I will not access other areas or break these rules without their permission.
